"The time has come," the Walrus said,
"to talk of many things:
Of shoes – and ships – and sealing-wax –
Of cabbages – and kings –
And why the sea is boiling hot –
And whether pigs have wings." . . .

PEACE

Tweedledum and Tweedledee
Agreed to have a battle;
For Tweedledum said Tweedledee
Had spoiled his nice new rattle

Just then flew down a monsterous crow,
As black as a tar-barrel;
Which frightened both the heros so,
They quite forgot their quarrel

To the Class of 1969:

"Through the Looking Glass" – the theme of 1969 "Vigil." Remember Alice's steps, through a looking glass, coming face to face with some of the strangest adventures – not to mention the odd characters. A wonderland where the impossible becomes possible, the unreal, real . . . where the height of adventures were limited by the depths of imagination.

Each graduate of the class, take time out to look in "the looking glass" – your goal of your freshman year became possible. Some of the personnel may be classified as oddities tonight, but will again seem different in a future looking-glass gazing. Unreal as it may seem, the reality, regardless of its scope, is here tonight – August 28, 1969.

The past is gone – the present is now, but the future holds so much if you only take the advantages and become part of the Changing Society and help plan the Changes in Nursing.

The Faculty and myself wish each one of you health, happiness and success in your future endeavors.

ETHOS

"A slow sort of country!" said the Queen. "Now here you see, it takes all the running you can do, to keep in the same place. If you want to get somewhere else, you must run at least twice as fast as that!"

Nursing Service

SEATED: Miss Elinor McCuen, Director of Nursing Service
STANDING, Left to Right: Mrs. Ruth Bressi, Assistant Director of Nursing Service; Miss Elspeth Anderson, Associate Director of Nursing Service

"Isn't he a lovely sight!"

Emergency Room

"I didn't say there was nothing better. I said there was nothing like it."

Eastern Pennsylvania Psychiatric Institute

"Take care of the sense and the sounds will take care of themselves."

Operating Room

"It isn't etiquette to cut anyone you've been introduced to."

"Curiouser and curioser!"

Medical-Surgical Nursing

"Now! Now!" cried the Queen.
"Faster! Faster!"

"Consider what a long way you've come to-day."

"Don't grunt, that's not at all a proper way of expressing yourself."

"Some fancied they heard in the air a weary and wandering sigh . . ."

"Why, the best way to explain it is to do it!"

"Now you understand how things happen here."

"I beg your pardon . . . Do you speak?"
"Not I!" said the Lord hastily.

Obstetrics

And the moral of that is – "Oh 'tis love, 'tis love, that makes the world go round!"

"If seven maids with seven mops
Swept it for half a year,
Do you suppose," the Walrus said,
"That they could get it clear?"

Pediatrics

"What-is-this?" he said
"This is a Child!"

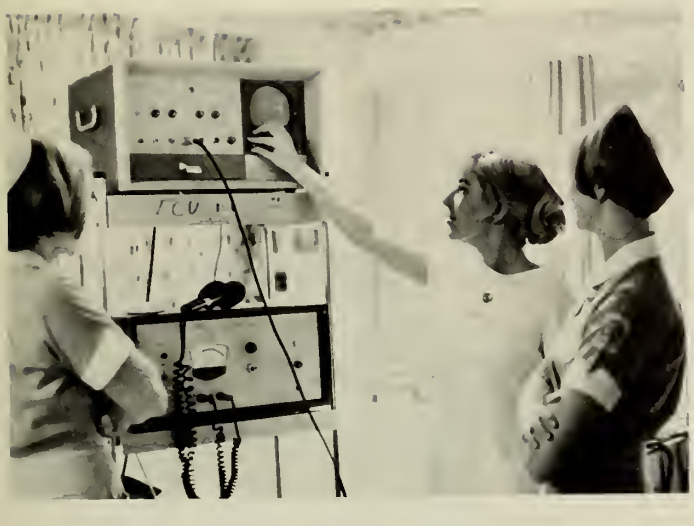
"Consider what a great girl you are.
Consider anything, only don't cry!"

Rehabilitation

"They sought it with thimbles, they sought
it with care;
They pursued it with forks and hope;
They threatened its life with a railway-share;
They charmed it with smiles and soap."

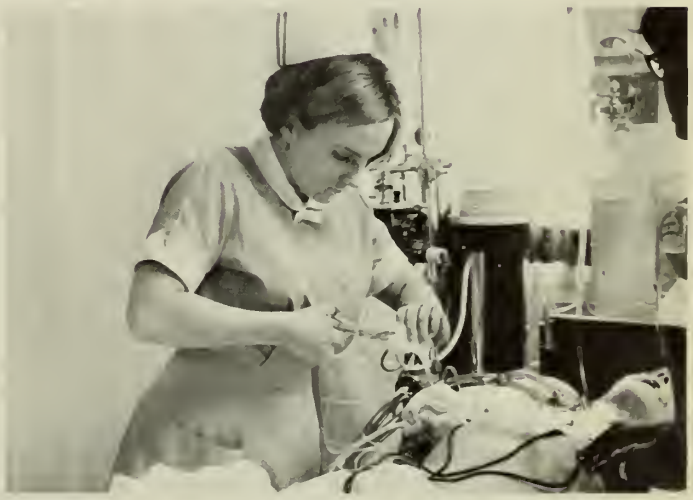
"The question is, which is to be master – that's all."

Intensive Care



"But that's a different kind of fastness."

"Contrariwise, if it was so, it might be; and if it were so, it would be; but as it isn't, it ain't. That's logic."



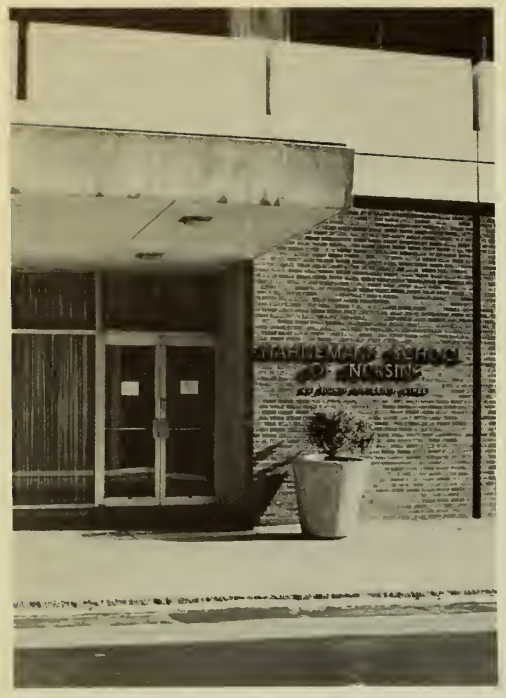
Out-Patient Department

And thick and fast they came at last,
And more, and more, and more –

"I'm very brave, generally, only to-day I happen to have a headache."

CANDIDS

"It's as large as life and twice as natural."



"Rodin's 'Gates of Hell'!"

"Play with fire and you'll get burned!"

"Come here, I want to tell you a secret . . ."

"I hear everything, I know everything, but I don't want to get involved."

"Never a care; never a carie!"

"Behind the scenes."

"Charming Women": End Product "

"Eileen Kropp in the shower."

"Ten minute break!"

"Piffie, I'll be right there!"

"But what do we celebrate tomorrow night?"

"Great Expectations!"

"I don't want to be anybody's prisoner, I want to be a queen."

"Inebriation and Strabismus."

"Mother, what should I wear on the field trip?"

"Oh well, there's always another male."

"O.K. girls, now you're immune to paracoccidiodes brasiliensis!"

"What do you mean am I 21? I've been 21 for three years!"

"Ha-Ha!"

"No time. No breakfast. No insulin."

"Hey, did you hear a click?"

"5:30 a.m. and I have to check the kitchens!"

"Oh, they can paint around it!"

Duties of the Floor Nurse

In addition to caring for your 50 patients, each nurse will follow these regulations:

1 Daily sweep and mop the floors of your ward, dust the patient's furniture and window sills.

2 Maintain an even temperature in your ward by bringing in a scuttle of coal for the day's business.

3 Light is important to observe the patient's condition. Therefore, each day fill kerosene lamps, clean chimneys, and trim wicks. Wash the windows once a week.

4 The nurse's notes are important in aiding the physician's work. Make your pens carefully, you may whittle nibs to your individual taste.

5 Each nurse on day duty will report every day at 7 a.m. and leave at 8 p.m., except on the Sabbath on which day you will be off from 12 noon to 2 p.m.

6 Graduate nurses in good standing with the director of nurses will be given an evening off each week if you go regularly to church.

7 Each nurse should lay aside from each pay day a goodly sum of her earnings for her benefits during her declining years, so that she will not become a burden. For example, if you earn $30 a month you should set aside $15.

8 Any nurse who smokes, uses liquor in any form, gets her hair done at a beauty shop, or frequents dance halls will give the director of nurses good reason to suspect her worth, intentions, and integrity.

9 The nurse who performs her labors, serves her patients and doctors faithfully and without fault for a period of 5 years will be given an increase by the hospital administration of 5¢ a day providing there are no hospital debts that are outstanding.
